## CIVILIZATION, SAYS MADAME CHIANG

CHUNGKING (BY MAIL) (CENTRAL) - AN APPEAL TO UPHOLD RELIGION TO PREVENT THE DOOM OF INTERNATIONAL CIVILIZATION AND REVIVE TO RIGHTEOUSNESS AND "HONOUR was made by Madame Chiang Kai-shek, China's First Lady, in a broadcast message to the Herald-Tribune Forum of American Women, from Chungking, on Oct. 27, in response to the invitation of Mrs. Ogden M. Reid, wife of the editor of the New York Herald-Tribune.

The subject of Madame Chiang's talk was "The Challenge to Civilization." The text follows:

The opportunity to speak to the Herald-Tribune Forum of American women on the subject of "The Challenge to Civilization" is one of which I avail "myself with mingled feelings.

It was here, in China-my native land—that the Japanese struck the first blow\_at all those fine principles which liberty-loving peoples have held sacred and which they accepted as the incarnation of Civilization, as the hall-mark of Democracy.

EIGHT YEARS AGO:

Right years ago, without justification, without "declaration of war, the Japanese invaded Manchuria, and annexed, it. They tore up treaties, used international law codes to light the fires of barbarism, and defled Democracy with threats and with brandished weapons.

The Democracies did nothing. Nor did we, at that time, because we were counselled to have abiding faith in "the League of Nations and in the infrangibility of treaties. How vain our faith and our inaction proved to be, you have reason to know.

But others in the world did act. Those who dreamed of power at any price quickly took advantage of democratic inertia. Their vast armies of aggression were soon ruthlessly crushing out of exis- It is revealed today that a Britence the lives and the liberties tish steamer, the Egba, outwitted of many free peoples in various a U-boat in the Atlantic. parts of the world.

## JAPAN'S "PEACE" IS TO OCCUPY CHINA WITH WANG AS YES-MAN

TOKYO, Nov. 2 (Reuter)—The Miyako Shimbun, in an editorial, declares that Japan will not withdraw from China when the new regime begins to function, and to talk of an equal footing between Japan and the Wang Ching-wei regime is liable to raise false-hopes among the Chinese masses.

"Undoubtedly in their talk of equality with Japan, Wang Ching-wei and his associates do not mean to convey the impression that Japan will transfer the railways and Customs to China the moment the new regime has materialized and leave the regime a perfectly free hand in its dealings with the Powers," says the paper.

## Fields: Close Finishes Likely

(By "Last Quarter")

Included in the programme of eight events down for decision at the Tenth Extra Race Meeting of the Hongkong Jockey Club at Happy Valley tomorrow, the Sub. Griffins and Freemantle St. Legers will be the main items of interest to racing enthusiasts present.

In the first named event, which appears on paper to be a good thing for King Kong, a small field will line up at the barrier, but the race itself will probably develop into a much closer struggle than anticipated by many.

A well balanced and fairly large field, however, will strip for the Freemantle St. Leger and we are certain to see the best of this year's Australians amongst them.

## HAD LORD'S ORDER TO CLEAN UP

PLAYS HAVOC WITH HOME

Toledo policemen, who had been bombarded an hour with sections of furnace pipe, a lawnmower and assorted other pieces of furniture and household equipment, were not completely sympathetic when Gotlieb Kurtz/ 45, explained that the Lord told him to clean house and "that's what I was doing."

Two patrolmen, called by neighbours who said Kurtz was smashing his furniture searched his house and found the furniture in shambles and water faucets turned on full, flooding the entire build-

They finally located Kurtz in the basement where he turned loose a barrage of furnace parts torn from the dismantled furnace and supplemented this with a stream of water from a garden hose. "

The police retreated and called help. Six more policemen came and after a battle of "nearly on hour the eight were able to handcuff Kurtz and restore to him some of the clothes he had doffed during the siege.

Kurtz then explained that he was following the house cleaning instructions of the Lord. Taken to city jail, he insisted upon taking a Bible to his cell with him.

## END OF WAR SETTLEMENTS

LONDON, Nov. 2 (Reuter)-Replying to questions in the House of Commons asking for an assurance that no agreement with the Allied powers or others, which might hamper a just settlement at the end of the war, would be made, Mr. R. A. Butler, Under Secretary for Foreign Affairs, said that it was not the Government Intention to take any step which might prevent satisfaction being reached at the end of war.

The Iraq Government, he also said, had given formal assurances that the Mufti of Jerusalem, at present sheltering in Traq, would not be permitted to engage in political activity or be the cause of agitation.

## NAZIS CHLOROFORM MINDS OF PEOPLE

"Since we last met there have been momentous happenings in the outside world in which this Colony as a part of the Empire is involved. The repercussion of these events must sooner or later and to a greater or less degree affect the lives and fortunes of each one of us. So far there is profound thankfulness that the horrors of war have not touched these peaceful shores—an immunity which is almost entirely due to the strength and readiness of the British Navy, and to the solid preparedness of the great fortress of Singapore."

So said Mr. H. E. Nixon on the occasion of the half-yearly general meeting of the Penang Mercantile Employees Co-operative Thrift and Loan Society, Ltd., held at the Railway Restaurant in the F.M.S.R. Buildings. Mr. Nixon, who is the president of the Society, presided over the meeting.

Mr. Nixon, in the course of his address, urged the members of the society not to listen to rumours.

Stomach disturbances such as digestive pain, gastritis, wind, heart-burn, and feeling of revolt, are invariably the result of "acid "formation" which, as a rule, gets worse and worse and may ultimately lead to serious nicers. ## Of New Mathilde In Water For Three Hours

The question as to whether the grounding of the s.s. New Mathilde and the dragging of her anchor while she lay in Fort Bayard could have put her into an unseaworthy condition, was asked of witnesses at Marine Court yesterday when an inquiry was held into the sinking of the vessel off Kwangchowwan on October 21 while on her way to Hongkong with a cargo of livestock and general merchandise,

The Court of Inquiry consisted of Commander G. F. Hole, Harbour Master, Lieut.-Cmdr R. W. Kirkgy, H.M. Dockyard, Mr. K. D. Lane, master of the s.s. Raby Castle, Mr. D. M. Hood, master as. Hong Kheng and Mr. E. Walker, master s.s. Haitan. The interests of Capt, R. Wherry were on the hands of Mr. D. L. Strellet, while Mr. M. M. Watson watched the interests of the owner, Mr. Pang Kok-sul.

In evidence, master of the ill- left the ship in No. 2 boat. He beloved parents. had taken a hand in jettisoning fated vessel, Capt. R. A heavy sea was rinning at the time and there was a strong wind. They were travelling at 61 knots and he noticed that the ship was pitching and tossing, but there was nothing unusual about it.

He was awakened by the carpenter and compradore about 9 a.m. with the cry that the ship was sinking. He rushed to the bridge and found that the ship had a list, and sounding proved him.

that she was taking in water. "He immediately" gave the order to the helmsman "hard to port." They were out of sight of land at the time and there was no other shipping in the vicinity. He wirelessed for aid, and ordered all pumps to be worked, but the engineer had already done this.

water. He ordered the passengers and crew off in the life-boats before the aft part of the ship was completely submerged and the hatches burst open. The ship's papers and letter-box were put into No. 1 boat. but they were all lost.

Capt Wherry then related how he himself was washed off the ship and was picked up three hours later by the s.s. Soochow and landed at Fort Bayard. Three men were found to be missing and they are believed to have been drowned. They were Fai Ngan, boatswain. Chan Wel-tong, chief steward and Yuen Wingachuen.

Questioned by Comdr. ## JAPAN'S "PEACE" **POINTS**

ONCE AGAIN, as so many times during the past two years, the Japanese militarists wearily lower, for a brief span, the bloody sword with which they have committed so many murders in China but won no victory and turn to the easier task of sending up trial balloons to ascertain the chances securing China's capitulation by "peaceful" means. It is doubtful if they themselves believe that these methods can or will succeed. But the lull afforded by such "political offensives" gives them the opportunity to prepare for further military efforts, and every turn of the international situation brings them new hope that perhaps this time China can really be cowed into submission.

THE WEAKER A NATION IS, the more the conduct of its foreign policy resembles the actions of an anxious and desperate gambler. ## CORRESPONDENCE

## LADIES' SOFTBALL ENTRANCE FEES

[To the Editor, "Hongkong Daily Press']

Sir,—I shall be grateful if you will kindly publish" the following in your esteemed paper.

I strongly object to the neavy increase of entrance fee in the Ladies' Softball League from \$7.00 to \$12.00 this season, and I am sure that those who voted in favour now clearly see that the increase is not justified.

Last season the Ladies' League had 10 teams and played altogether 45 games; this season with 9 teams, the ladies will play rounds which amounts to 72 games. The secretary of the Softball Association contends that the increase is due to the higher cost. of balls, but as a new ball is not supplied for every game and the ladies do not wear out the ball as do the men. I cannot, therefore, see why there should be any increase at all.

This season more travelling expenses will be incurred as 90 per cent, of the games will be played in Prince Edward Road ground and as teams like the Wahoos, Baby Panthers and Cubs are composed of school-girls, they will have to get extra money for travelling expenses from their parents and I am certain some of them will not relish it in these hard times.

Last season the Softball League had a credit balance and this season the Softball Association will get an extra \$40.00 for affiliation

If the Men's League last season had II teams and played 55 games and this season with 15 teams playing 105 games, their fee is not increased, why should the ladies be made to pay an increase at all? I may also mention as a matter

of fact that Hong League fee has not been raised.

### THE SPEAKER

The speaker, who was introduced to the meeting by Mr. L K. Chu, has a long-established reputation for service to his fellow-country

He had seen service in Manchulf 10 years ago in the Sino-Russian war, where he lost four fingers of his left hand. He had been a boy scout leader in Kwangtung, and he was an originator several years ago of the hiking tours through the various provinces that attracted many of the adventurous youth of the time.

## President Ineunu's Speech At National Assembly

ANKARA, Nov. 2 (Reuter)—President Ineunu, opening the Turkish National Assembly, declared that the Anglo-Turkish Pact was directed against no other party. Its purpose was to assure Turkey's security and, at the same time, serving, peace and international security, at least in the zone where Turkey's influence could be exercised.

It followed Turkey's aim of opposing themselves against any extension of the tragedy of war by creating a region of security in Europe which was struggling in the horrors of war.

"The Pact only comes into effect if some state seeks to trample our lawful aspirations," declared the President. The President did not allude to M. Molotov's speech, but, referring to Bey Sarajoglu's visit to Moscow, he said that while he failed to achieve the agreement aimed at the friendship linking the two countries rested on a solid basis and the circumstances and obstacles arising from the temporary necessities of the present time must not be allowed to impair that friendship.

'As." hitherto, friends who are faithful to us may expect nothing but straight-forwardness and goodwill from us," he said.

The Asahi Shimbun sees the possibility of the conclusion of a Japanese-Soviet barter agreement involving quite a large volume of trade, provided the Soviet is sincere.

Of course, they realise that they are expected. Hewever, the mother feels sad at this small neglect. What can be dene to relieve this feeling?

A GREAT MANY BAMILIES of brides; ask: if it is -necessary to send invitations to the immediate families: of: the bridegroom because it seems to them pointless. HAVE YOU EVER tried the "progressive dinner?" It can be quite amusing and in this section of the world where servants are p'entiful there is little hard work to it. For instance, the complete group of guests gather at a hotel or one private home for cocktails before dinner, one hostess or host takes care of the costs. Then the whole party proceed to the next hostess's residence where they indulge in the first course or two and proceed to the third hostess who provides the main course. continuing so until coffee and liquers are provided by the last hostess. Maybe a treasure hunt would appeal, guests pair off and are given one hour to hring back a treasure, a prize is given for the most entertaining trophy of the hunt. If your guests have ingenuity this pastime at a party can be very amusing and everyone has a gay time of it. ## OH! YOUR HAIR

"But what shall I do about hair this year?" Well, actually you'll do pretty much as you like, with a few firm restrictions. You must keep it up on the sides—and you must take your whole silhouette into consideration

Paris is very enthusiastic about the vertical finger-curls down the nape of your neck. On the other band, they are equally enthusiastic about the short cut. The only difference from last year's baby-cut is that the back and crown of your hair must be sleek and shiny as satin-more shingled than cropped.

The diversification of silkouette this year has tended to broaden the conflure horizons. If you are going in heavily for bustle dresses, you might balance your false derriere by bunches of curls that shoot forward over your brown (Otherwise, you'll find that you look as though you were falling over backwards)

For evenings when you are going to lace yourself "into a Velasquez silhouette, have your hair done especially, so that you have adequate width to balance the panniers. The tightly-bandaged mummy silhouette will take sleek hatr very nicely. "

With daytime | furs mounting around your ears, be sure your hair is close to your head. No one likes wondering where the mink ends and where you begin.

As kair is going to be an actual adornment, instead of merely a frame, you'll have to do some polishing up on your tresses. The simple planes of a low chiemon or a swirled back are as nothing if your hair hasn't an alive glossy look. Otherwise, flower ornaments to 17" a few suggestions are offered may look as if they were growing by fashion. in a hay-field.

WOMEN'S INTERESTS

The Peruke is given new elegance in this hair dress designed by Gullaroff for Rosalind Russell. Back and front hair are separated with across-crown part: from a left front part the hair is brushed up and back in a roll ending in two flat curis, and is caught tightly just above the curis with a wide gros-grain bow.

## BUYING A DRESS

## -SIZES 11 TO 17

The in-between sizes cause many headaches for shoppers and salesgiris each year. The "Il to 17's" can be naive or sophisticated, for they are not confined to ages but to figures. There is something missing in the complete figure measurements of the woman who ranges in the in-between sizes. Either the bust is too small, or the stomach is a bit too large, or there is no shoulder size, or perhaps the arms are too long for the dress length. And so on!

sport wool frocks have front fullness and use wide belts, front or all the way round. The proportion is better.

Frocks which button up the front from the waist will give fuller bust and shoulder-line effect.

The cardigan provides the idea. Corduroy in a fine whale, tailored in a daytime frock. will give you height and a more aplumpish appearance. A model in venturesome hunting pink is very new.

Two-piece wool frock with a loose bolero type bodice gives height besides smartness and newness in your wardrobe.

A dress coat of light weight wool, slim with slightly full skirt, rolled collar and double-breasted button effect from the waistline to the top bustline, produces height, shoulder size and a proportioned bust effect.

small and slender woman, be the interest of the occasion. age 25 or 40.

Be careful of long fur coats unless they are expertly fitted: the short jacket or bolero are far smarter. Evening frocks in tiers. not drapes, are best suited such sizes, and the slinky, tight fitting gowns are definitely not ming. for these measurements.

## THE MILITARY MARCHES

## Round The

Weddings birthdays, national holidays and many more personal celebrations are on the calendar for the month of November. But in case your memory is not remember Christmas is not far away, and the steamers bound for Europe this year are not as numerous as in the past. Therefore, in the back of your mind, and note-book should be the notation, "Shop and man early for Christmas!" EVENING'S LUSTER

You must sparkle and shimmer besides swish and rustle in your evening gowns for the winter When you shop in Mayos, situated in the Arcade, you will note the expensive and really "lushious" materials used for formal wear this year. Gold and more gold is the main colour theme, but the moires, velvets, sating and novelty cilepes are definitely rich in colour and styling,

The new wool frocks just recelved will also intrigue your fancy. The tailoring is very good and the colours will brighten any dark winter day. No woman can be without a wool frock this year; they are definitely stylish and quite a necessary, part of the wardroble.

RUBBER: The market today was quiet and steady with the shipment position tight. Some factory buying was evident. News that the Anglo-Soviet trade discussions are to be continued contributes to the favourable outlook.

COTTON: The market today continued to hesitate on the uncertainty of the Government Loan. Unsettling December liquidation coupled with increased hedge-selling met with a fair amount of support on declines. We would buy on any further easiness, believing that offerings will soon be exhausted as the favourable consumption outlook continues

WHEAT: The unfavourable weather conditions continued to be a dominating factor.

Mr. G. E. R. Divett was in the chair and was assisted by Mr. D. T. Smith, Hon. Secretary and Mr. A. M. Xavier, Hon. Treasurer. Mr. A. E. P. Guest, Mr. J. Gonsales, Capt. F. T. Lock and Lt. Gunner, R.N. were present.

It was formally proposed by Mr. Smith that teams for the suggested charlty match be selected by the Interport Selection Committee assisted by the President of the H. K. Hockey Association and that all arrangements for the fixture be made by the Committee with power to co-opt. It was also suggested that the assistance of Mrs. Hobbs be obtained as she i the local secretary of the War Organisation Fund, and that the teams be the Services vs. Civilians.

The date provisionally fixed is Sunday, December 3, but the question of ground and other matters were left to the decision of the Committee.

Suggestions were also put forward that firms be approached for and finish well up. Lucky Eleven contributions of hockey sticks, with H. M. Botelho should also be which will be raffled on the ground | well supported, though I fancy :t before the match.

Ladies' Hockey Association be, invited to send two teams, one representing Kowloon and the other. Kongkong, to play on the same occasion as an added attraction.

AFFILIATION OF CLUBS

The application of the Kalsa Sikh Divan Hockey Club for affiliation was approved at the meeting. The application of the Chantecler Club for affiliation was again considered in view of certain correspondence that had passed between the Club and the Association.

The Council were unanimously agreed that their original decision should stand, namely that the Chantecler Club cannot be allowed to play under the auspicies of the Association unless and until it changed its name, the reason being that the name might be considered as advertising the Restaurant the same name.

## Cesarewitch Benotes winner of the "Han- Won By French Cantatrice

LONDON, Nov. 2 (Reuter)—At has his handicap reduced by Newmarket today, the Frenchbred Cantatrice II, owned by Sir Alfred Butt, a 7-to-2 favourite, won the wartime substitute Cesarewitch Stakes in 3 minutes 32-1/5 secs. beating Mr. Haslam's Cheerful Star (20 to 1), ridden by Lacey and Mr. Hames Rank's Black Speck (20 to 1), ridden by Carslake.

The winner crossed the post with four lengths to spare, while length separated the second and

There were 35 starters, which was only two short of the record set up in 1862 when 37 faced the

Smith raced in front below the distance and increased her lead pping uphill winning easily. . Fulano was fourth and Sierra Nevada last.

There was a sensation when the much-fancied Finis was withdrawn at the post because of coughing.

## R.E. BEAT R.A.F. AT CRICKET

In a friendly cricket match played at Sockunpoo yesterday the Royal Engineers defeated the Air Force by 63 runs. Scores:-R. E. 112 (Shaw 33,

Grose 22: Nancarrow 5 for 44 and Gillispie 2 for 24); R. A. F. 49 (Sillie 12; Denyer for 10 and Ratcliffe 2 for 9).

## RUSSIAN GUARD FINED

He pleaded guilty, and was sentenced to 14 days, hard labour it was alleged that the accused had been fletting with another man on board, V. S. Andrianoff, when he was told by Captain Goddard to stop. He falled to comply with the order.

## RACE MEETING

opponents as Devonian (Black) and Chiltern (Encarnacao). Mr. S. C. Liang will have a hard ride, but the pony is game and should do quite well. In addition Cockleroi (Needa) and Winfred (Pih) will also go to the post. The former is a deceptive animal and though regarded as a sprinter has shown an aptitude for longer races or

former occasions Winfred still seems a little green and I do not expect to see the best of this pony until next, year, but she is a decided danger. Candlelight (Proulx) galloped well on Wednesday morning and this bay is worth considering.

Happy Landings (Davis), National Victory (Chanson) and Baffin Bay (Hearne) are other probable starters, with my preference for the first named, though I would like this brown's chances even more if the morning workouts were longer and faster. At the time of writing I believe the issue lies between Cand'elight, Chiltern, Devonian and Triumphant

### PADDOCK HANDICAP

This is a sprint race for Novices and of the sixteen entries, Palmer should be very much in demand is more the rider's ability than the It was also proposed that the pony's speed that would warrant this backing.

Geordie and Heddon are fairly good prospects. Sunshine Susie and Arabian Cat are both sprinters and if well placed at the start are dangerous.

### NORFOLK HANDICAP (FIRST SECTION)

For the first leg of the Daily Double, which is confined to "D" Class ponies, I think the finish will be fought out between Sunlight View (Pih), Plain View (Encarand Double Chance nacao) (Hearne). The race should be a close one and the start will be a determining factor.

Gold Coin is about the best of the remaining ones and has been close on previous occasions, while the best outsider is Desert Star. Night View seems to have gone way down in form while Piet Hein who is on the upward grade may have the services of Mr. Needa and the combination may be worth following in view of the low weight of only 140 lbs.

### SUSSEX HANDICAP (SECOND SECTION)

About half a dozen of the probable starters are capable of winning and the first three to come to mind are Just In Time. Lancashire Lass and Jober. If the first named is taken out by Mr. Needa, the chances of success will be greatly enhanced. Then we have the old stalwarts Oak Bay and Gladiator and another sprinter in Peaceful View.

The best outsider is Rose Jane. who has not the speed at the start but certainly can produce a fine run home in the straight. These seven ponies alone should produce a finish worth travelling a long way to witness and there should be little separating the first three. After a glimpse of the final gallops this morning I hope to be 'more Cantartice II, ridden by D. explicit about the chances of the fancied ones.

### NORFOLK HANDICAP (SECOND SECTION)

It will not be easy to pick a winner here and successful holders of tickets on the first leg will have some difficulty in completing their Daily Double. I particularly like" Golden Cow of late and consider his chances very bright. Ascot Vale has to carry 166 lbs. but it does not completely ruin this black's chances. . .

Bressay is another danger with only 154 lbs. to shoulder. Smiling Time will probably be taken out by Mr. Encarnacao and the combination is sure to find strong support. Emergency Call, Willy Nilly, Matador and The Leopard are about the most promising among the balance.

## QUEENSLAND HANDICAP

In view of the distance (about half mile and 160 yards), Bredon and Pumpernickel will be strongly fancied and the two are bound to make the pace fast right from the barrier. Brutus is also dangerous and there are other sprinters like Aztec and Violet Queen, not to Shanghai mention Macquarie River.

The positions at the gate will be of the utmost importance and punters should carefully note same, as whoever gets away well and without interference, will be difficult to overhani.

Final selections for the day will be published in tomorrow's issue of the Hongkong Daily Press.

## FOREIGN MAILS

HONGKONG, FRIDAY, 3rd NOVEMBER, 1939, 9.30 A.K.

Small Packet Post to all countries is suspended.

## ADDITION OF SENDER'S ADDRESS

Every article sent through the Posts should bear in the left-hand corner, or on the back, the name and address of the sender, so that the Post Office may be able in case of non-delivery, to return it unopened and without delay. A large number of undelivered articles are destroyed every year at the Returned Letter Office because they contain no clue, outside or inside, of the whereabouts of the senders
